

**Ducklings**  
**Home Learning 7<sup>th</sup>-14<sup>th</sup> September 2020**  
**This is me!**

Please find some activities to for the children to enjoy on the days they may not be in school. Do not feel you have to do all of them. Hope the children enjoy ☺

### Early Maths

- Number hunt- can you find any numbers around your house or look around when you are on a walk? Look for door numbers, bus numbers or even the clock.
- Shape hunt- look around you house or while out on a walk can you see any shapes? Perhaps take some photos or draw the shapes you have seen.
- Counting games/ songs- we have practised '5 little ducks' and '1,2 buckle my shoe' at school. Do you know any more? Perhaps you could draw '5 little ducks'.
- Can you help lay the table? Count out the correct amount of cups, plates or forks.

### Early Literacy

- Practise name writing and recognition. How many interesting ways can you write your name?
- What sound does your name begin with? Can you find somethings around your house that begin with the same sound? Perhaps write a list of all these things.
- Enjoy a bed time story! What is your favourite story? Can you draw a character from the story?

### Wider Curriculum

- Use a tablet, computer or a book to find out a fun fact about ducklings. Perhaps you could share this with the class.
- Look at yourself in a mirror! Can you draw a picture of yourself? What colour are your eyes or hair?
- Read the book 'Super, Duper You!' <https://www.youtube.com/watch?v=XKNrUDNWPCc> what's special about you? What makes you unique?
- Look at some photos of yourself as a baby or when you were younger. What is the same? What is different? How have you changed?
