

ACHIEVEMENT ASSEMBLY!

Friday 26th June 2020

GOOD AFTERNOON EVERYONE!

Hello everyone, it's that time of the week again, where we celebrate some of the best bits from the week at Debden! Well done to all of the children learning here in the school, and also to those of you who are learning from home – we have been amazed by your enthusiasm and effort! Without further ado, let's see what's been happening this week...

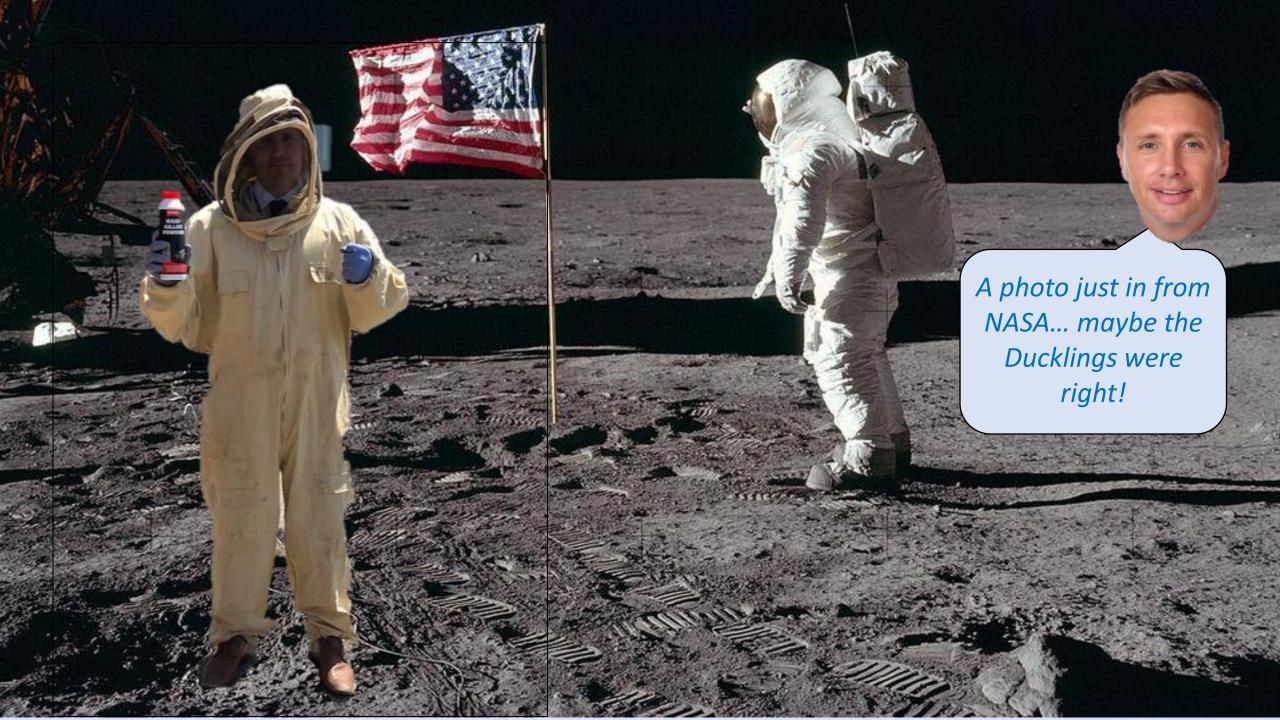

WASPS

Our school is so fantastic that a swarm of wasps decided that they would like to make a nest here. Luckily, Mrs Wheeler lent me a beekeeper uniform to deal with the problem. The Ducklings children thought that a spaceman had landed from the Moon!

Ahoy there! Me

week, our Ducklings
class has been
overtaken by a band
of treasure-seeking
pirates!

PIRATES!

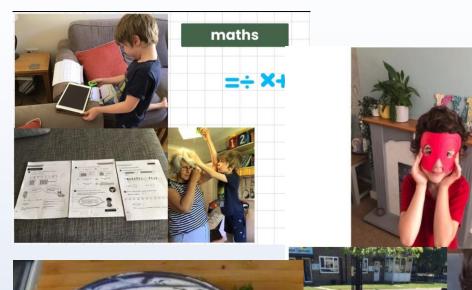

The children have been taking part in pirate games, making treasure maps and some of them even walked the plank!
What a bunch of swashbuckling superstars!

MINNOWS HOME LEARNING!

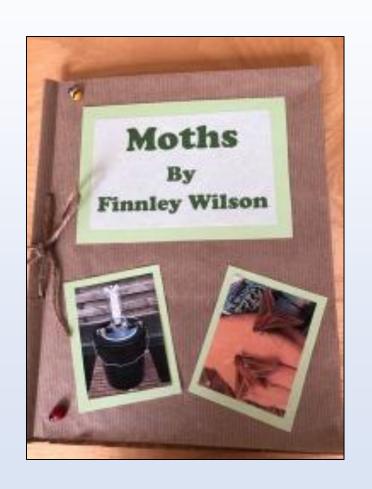

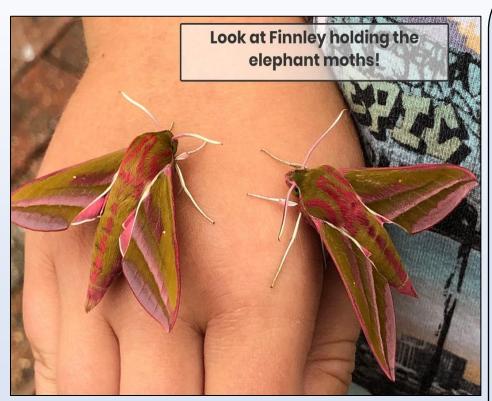

The Minnows children have been getting up to all sorts whilst learning from home. Here is Oliver doing some measuring, superhero antics from Rory, and a delicious cheesecake made by Jamie!

FINLEY'S MOTHS!

Finnley has been a busy boy!
In addition to completing
loads of his home learning, he
has also found time to create
a special booklet all about
moths. Well done, Finnley!

We have been so impressed with all of Finnley's work from home that he has been awarded a special 'Headteacher's Award' certificate! They are very hard to win, so this is an amazing achievement!

FROGS ART GALLERY

As a part of their Art study of Roy Lichtenstein, Frogs children have been producing their own 'pop art' style selfportraits.

Wow, what great artwork from the Frogs class! When I first saw some of these marvellous masterpieces, I pulled a face like the guy in the bottom left.

HOUSE POINTS!

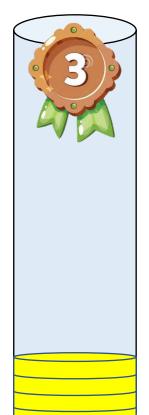

MATTHEW MARK

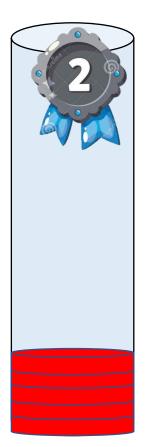

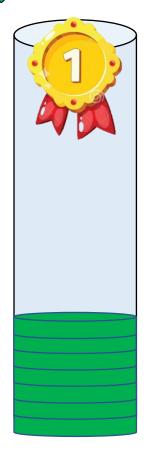

50 FAR THIS TERM...

MATTHEW MARK LUKE JOHN 117 21 18 17

With only a few weeks left to go, all four houses are still in the running to take the house cup! Who will emerge victorious?

Reverend John's thought for the week

For surely I know the plans I have for you, says the LORD, plans for your welfare and not for harm, to give you a future with hope.

Jeremiah 29:11

Permissions are changing and we may now be planning what we are going to do with our summer holidays. They will be plans – ideas that we hope will come to happen- but there are always things beyond our control that may change them. The World War Two General and later American president Dwight D. Eisenhower said 'Plans are worthless, but planning is everything.' Plans are vital to give you a direction to head in, even if we get blown off track most of the time.

We can take comformation and the comformation are suffering, but rather a proplan for our lives and regarding. He can work the

We can take comfort in **Jeremiah**29:11 knowing that it is not a promise to
immediately rescue us from hardship or suffering, but rather a promise that God has a plan for our lives and regardless of our current situation, He can work through it to prosper us and give us a hope

A Prayer

Heavenly Father, thank you we can look forward to meeting friends and family again like we used to and even stay away from home. Help us to trust in you when our dreams and plans get crushed by things beyond our control. Amen.

WELLBEING THOUGHT FOR THE WEEK

It has been the summer equinox this past week, meaning that we had the longest day of the year. And it was a week filled with sunshine, which made Mrs Dale, for one, very happy. What a great time to remind ourselves to spread our own sunshine, helping ourselves and others to be happy!

HAVE A NICE WEEKEND!
