

Duckling's Home Learning 'To Infinity and Beyond' W.C. 11th January 2021

Please find below activities to support your child's learning while they are away from school.

We suggest one writing/ phonics activity, one maths and one topic based activity to be completed each day. Independent play is an important way for children to engage in the world around them, so remember to get out your toys and play each day too!

Tapestry is a great way to show your child's learning while at home. Please upload two activities a week- this could be any activities the children have completed over the week. Please ensure the outcome of the activity is as independent as possible. Some of your observations may be added to your child's journal. We look forward to seeing all your exciting learning.

Take care, Miss Matthews and Mrs Cameron ☺

	Monday	Tuesday	Wednesday	Thursday	Friday
Mat hs	https://whiterosemaths.com/homelearning/early-years/alive-in-5-week-2/ Session 1	https://whiterosemaths.com/homelearning/early-years/alive-in-5-week-2/ Session 2	https://whiterosemaths.com/homelearning/early-years/alive-in-5-week-2/ Session 3	https://whiterosemaths.com/homelearning/early-years/alive-in-5-week-2/ Session 4	https://whiterosemaths.com/homelearning/early-years/alive-in-5-week-2/ Session 5
Phon ics	Open/ download 'W.C. 11 th Jan Duckling's Phonics' Complete Monday slides.	Open/ download 'W.C. 11 th Jan Duckling's Phonics' Complete Tuesday slides.	Open/ download 'W.C. 11 th Jan Duckling's Phonics' Complete Wednesday slides. (Print 'Buried Treasure' game.)	Recorded session on Tapestry.	Open/ download 'W.C. 11 th Jan Duckling's Phonics' Complete Friday slides. (Print 'phoneme frame' resource.)
Lite racy	Listen to Miss Matthews read 'Whatever Next' on Tapestry. Using teddies and props can you retell the story?	Remind yourself of our book of the week. Draw your favourite part of the story. Challenge: can you write a caption for your picture? Use your phonics to sound out.	Imagine you are travelling into space like Baby Bear. What would you bring? Write or draw a list. (Resource on Website)	Put on your wellies and space suit and imagine you are on the moon. Write or draw what can you see, hear, touch, smell or even taste! (Resource on Website)	Practise writing your name. Make sure all your letters are formed correctly.

Topic Based Learning

PSE and C and L

- Play board games and card games that practise turn taking.
- Snap and matching games. (use numbers or tricky words as a context)
- Opportunities to work collaboratively:
 - Building challenges
 - Imaginative role play.
- Sing nursery rhymes:
 - 5 Little Ducks
 - Alphabet Song...
 - Twinkle, twinkle little star
 - 5 Little Space Men
 - 10 Green Bottles

Physical Development (Gross and Fine Motor)

- Walks, bikes and scooter rides (if possible).
- Cosmic kids yoga
https://www.youtube.com/results?sp=mAEB&search_query=csomic+kids+space
- Play games in the garden: throwing, catching and balancing opportunities. Can you keep score of the points? (Resource on School Website)
- Walking activities (Resource on School Website)
- Practise writing your name using different things- sticks and mud, sand, glitter, chalks.
- Make some playdough. Can you twist and pull the dough into different shapes?
- Practise threading beads or pasta on a shoelace. Make patterns or practise counting.

Understanding the World/ Expressive Art and Design

- Look for signs of Winter in your garden or out of your window. What can you see, hear, smell and touch?
- Collect natural objects- can you make a collage or a picture?
- Use a tablet or camera to take a photo of the signs of Winter.
- Using recycling materials, can you build a space ship or rocket to take you into space?
- Draw or trace 2D shapes to build a rocket. Can you name the shapes you've used?
- Design and draw your astronaut suit? Can you label the different parts? What will your astronaut name be?
- Use an ipad or books, can you learn about the solar system? Upload an interesting fact about a planet!
- Learn the planets song <https://www.youtube.com/watch?v=mQrlgH97v94>
- Colour, cut and stick the planets in the correct order (resource on school website)
- Look at pictures of the moon. Use your ideas from senses on the moon and the science experiment resources, to create craters on the moon. Explore how the mixture changes.
