Emma and Abbie from MIND West Essex have been coming every Friday to help us explore recognising and regulating emotions within ourselves.

Professor Douglas came to talk to us about being an Ocean Scientist for our Geography and Science topics. He explained how deep-sea fish can make their own light to see and hunt for prey – just like glow sticks!

So then we all had a go at being Anglerfish and making light of our own!

RE Trip – Ely Cathedral

We went to Ely Cathedral to further our understanding of how Christians worship. We learnt about the history and architecture of the amazing building.

RE Trip – Ely Cathedral

We learnt about St Etheldreda, who was a nun, queen, healer and founder of the cathedral. She experienced several miracles in her lifetime and helped the people of Ely.

Next, we found out about medieval herbs and medicine – including leeches!

RE Trip – Ely Cathedral

We made our own medicine bags to take home.

Thank you so much to:

Mrs Johnson

Mrs Hare

We couldn't put on these trips without our kind parent volunteers and generous funding from FODS!
